

# Sanford Farm West / Head of the Plains

## Walking Trail

At 610 acres, the areas known as Sanford Farm West and Head of Plains represent one of the Land Bank's largest contiguous holdings and about an additional 436 acres of land owned by the Nantucket Conservation Foundation. This vast area of grassland, shrubland, and pine forest includes a network of dirt roads and the Land Bank's Sanford Farm West and Head of the Plains trails. Beginning at the Barrett Farm Road parking area, the Sanford Farm West trails offer a series of short grassy loops that can be walked independently or used to connect to the Head of Plains trails that lead south towards the western edge of Hummock Pond and the ocean.

**Directions:** From town, drive west on the Madaket Road. Take a left onto Barrett Farm Road and then an immediate left over the bike path and into the parking area

### SAFETY

The Nantucket Land Bank accepts no liability due to injury resulting from use of this map or its properties.

### LEAVE NO TRACE

In most cases, there are no trash receptacles provided at these properties, so please help keep our properties clean by taking everything that you brought with you when you leave.

### PET OWNERS

Dogs are allowed on beaches and trails but we ask that you please pick up after your dog. There is a leash law on Nantucket.
